CLUB CHAMPIONSHIP REGULATIONS

INTRODUCTION

The following booklet is intended to serve as a guide to all the championships run by Ilkley & District Motor Club Limited for its members and the other major awards which are presented at the Annual Prize Presentation. Any of the regulations listed may be changed subject to approval by main committee, such changes will be detailed in the newsletter.

It is not our intention to produce a new set of these regulations each year for every club member, so it is in your own interests to update your set of regulations with any changes.

IDMC runs 21 competition championships in total, listed in sections B to S. Section A lists common regulations for all these championships in the interests of not repeating large chunks of text as well as simplicity.

The championships fall into two basic categories. Those listed in B to H are for events run at regional and national level, not just within IDMC, and cover most disciplines of club motor sport. If you wish to claim points in one of these championships the relevant championship coordinator will generally collate your points, but **THE ONUS IS ON THE COMPETITOR** to check this has been done (See A4). Those in I to S are for IDMC events only - points are scored for you automatically in these championships so you don't have to worry about claiming.

Unless stated otherwise, the Championship Coordinator is:

**Henry Kitching, Montrose, Station Road, Baildon, BD17 6HS, 07793 417128.
championship@ilkleymotorclub.org.uk**

The Awards Secretary is:

**Leon Humphries, 152 Green Lane, Cookridge, Leeds LS16 7JQ. 07872 497910.
awards@ilkleymotorclub.org.uk**

Many of the championships are scored on what is referred to as the 'Yorkshire League' scoring system. The calculation for this is as follows:

Points scored = number of competitors beaten in class expressed as a percentage, plus 5 points for starting and 5 points for finishing an event.

E.g. Finishing 3rd in a class of 12 scores $(9/12) \times 100 = 75.0 + 5 \text{ for starting} + 5 \text{ for finishing} = 85.0$ points.

For reference, the sections at the end of the booklet detail all other major annual awards and how they are won, as well as the awards presented for club night and other events.

Competitors are reminded that competing on ANY IDMC EVENT, either on or off road, does not preclude them from the provisions of the Road Traffic Act. Anyone successfully prosecuted for an offence committed during an event will be excluded from the results of that event. Further action may be taken by the Club and/or the Motorsport UK (MSUK) in the case of serious offences - please take care during events, enjoy yourselves safely!
