ILKLEY JUBILEE HISTORIC AND TARGA RALLY

SUPPLEMENTARY REGULATIONS

Welcome to the 2025 Ilkley Jubilee Historic Rally, including The Ilkley Jubilee Targa Rally and the Jubilee Challenge, we are delighted to have the continued support of Crossley Evans. A specialist in metal recycling focusing on [the](#) recovery and processing of recyclable materials they are amongst the top suppliers to UK-based foundries, whilst also providing dynamic recycling solutions to local councils, the business community and domestic customers. Steeped in history, Crossley Evans has been providing recycling services to valued customers for over 100 years - www.crossleyevans.co.uk.

This year we have made some significant changes to the Ilkley Jubilee, bringing a new flexible two-day format and a return to a more southerly starting point. The two-day Interclub event will once again be part of the HRCR Clubmans Road Rally Championship for Historic Road Rally Cars. On Sunday we will be running the Ilkley Jubilee Targa Rally, open to all cars which comply with road rally regulations. On the Saturday evening, we will run the Ilkley Jubilee Challenge, which will run under a 12 Car rally permit and be open to all cars complying with navigational rally regulations. We have some new start and finish venues and have secured the use of Bramham Park, which has an extensive system of loose surface and tarmac roads, perfect for creating off road regularities, time control sections and special tests.

The Interclub and 12 Car event will use traditional navigation techniques, with a variety of presentations. The navigation on the Targa Rally will use a tulip road book or descriptive instructions for all the public road sections. There will be no special tests on the Saturday evening.
